## Want to make a book?

If you would like to produce a book, catalogue or any large publication then we can help. Choose from:

### PERFECT BINDING

For story books, poetry books and school yearbooks etc. The pages are glued into the spine of a printed cover to produce a soft cover book. This gives a very professional finish.

### WIRE-O BINDING

A useful method for manuals, coursework, recipe books etc. Because the binding is a wire comb it means the book can easily be folded flat and is more secure than the plastic version.

### SADDLE STITCH

For smaller publications like magazines, annual reports and pocket guides. Our booklet maker produces very professional results as the pages are folded, stapled and edges trimmed.

**WE WOULD BE HAPPY TO ADVISE YOU ON THE BEST BINDING METHOD FOR YOUR PUBLICATION AND PROVIDE YOU WITH AN ESTIMATE.**

## Sending Your Artwork

If possible please supply PDF files for printing with a 3mm bleed allowance and crop marks. Your work will then be printed on oversize paper stock and trimmed to size. You can send large files via the Hightail link on our website. Our design team will personally check your files are print ready and get in touch if there are any issues with your artwork. For a small set-up charge, we can also prepare your artwork into suitable format if you are unable to do this yourself.

For further advice, please talk to a member of the design team.
